

LED Star Feature Kits

The newly reconfigured LED Star Feature kits now include either a single or dual 12VAC, 5 watt LED light source with a 25- or 50-point fiber optic transmission system for gunite pools or other concrete based features such as patios, walk ways, bar tops, stone/paver walls, etc. These upgraded kits now come in a corrosion resistant, wall- or post-mounted, NEMA 3R enclosure and offer up to 50' fiber runs.

NEW!
